The Art of Landscape 1 Gemeinhardt's a truly unique photo walk: hands-on workshop where you will have an opportunity to create interesting photographs while exploring a nature trail full of wondrous objects. Street cars, rusted out automobiles, toilets, old gas station memorabilia, antiques and a few surprises. Mother nature is the backdrop, great for composition and close-up photography.

The Art of Landscape 2 Sunrise Sunday morning photo shoot at Windmill Lake: A great opportunity to capture the morning light as we photograph the landscape of Windmill Lake. Photographers will learn about capturing the morning light as our instructor talks about composition. A traditional Dutch windmill, a unique find in Ontario.

Creating Digital Videos: This is a hands on workshop, where you will go out and use your digital camera to create a short video. Our instructor Troy Shantz will then work with you to take your short video and edit it on your computer. This is a great workshop to learn how to add 30' to 45' second videos to your image presentations.

Photographing People: During this workshop photographers will have opportunity to work with models photographing them in various lighting situations. You will learn about reflectors, bounce lighting and fill flash. During our photo shoot you will have opportunity to photograph our models wearing vintage costumes.

Telling the Story: Presented by Trekkers Photographer BD Colen. Join BD for an urban photo walk as he helps you explore the possibilities of taking everyday life images and turn them into a masterpiece. You will go out and photograph with BD, then spend some time learning techniques to edit and present your images.

Photography 101: Understanding your camera and basic composition: This session will cover getting to know and understand the basics of your camera. Framing, composition and selecting lenses. Weather permitting, we will go out and take a few images based on what we have learned.

New for 2017 - 3 Hour Master Class Sessions - Complete with hand out material

Incredible Indoor Photo Projects: Close-up photography - Master Class 3 hour session limit 10 people
There are so many incredible indoor photo projects. This workshop will help you build those skills. We will be working on the following topics, Smoke Photography, Splash Photography, Fine Art Food, Abstracts in Oil, Still Life Trails, Flowers in Ice and Refractive Art. Come explore the world up-close. Close-up or macro lens recommended.

Adobe Lightroom - Master Class 3 hour session limit 10 people

Adobe Lightroom has now become one of the best programs not only to manage your photographs and workflow but as a photo editing program. During our workshop you will learn digital workflow, photograph management and editing techniques in Adobe Lightroom and Adobe Photoshop.

Raptors Photo Shoot: Learn how to photograph birds of prey in flight: During this hands-on workshop you will work with Trekkers Photographer Len Silvester and bird trainer as you photograph these amazing birds of prey at rest and in flight, his workshop also includes a dog agility action photo shoot by Barrie Dog Sport Club You will need your camera a wide angle zoom lens like a 18mm-135mm and a telephoto 70mm-200mm or longer.
