“BC Interior Grizzly Bear Photography Trek”

All bears are beautiful, however the Interior Grizzly Bears in the Chilcotin region are exceptional with their blonde and brown fur coats against the bright blue waters of British Columbia. This tour and workshop is ideal for those who love to experience the more traditional “Wild West”. Your accommodations are beautifully outfitted log cabins and have the opportunity to view and photograph British Columbia’s amazing grizzly bears and bald eagles. Bald Eagles are all around the river allowing plenty of photo opportunities.

We would like to invite you to join Photo Tour Trekkers Canadian wildlife photographer host Len Silvester as we explore the interior of British Columbia and photograph these amazing bears. We look forward to you joining us on our trek. This tour will be flying from London, Ontario.

James Cowie

Your tour begins at Williams Lake, British Columbia traveling through the Chilcotin region experiencing incredible landscapes from pine forests to desert like mountain ranges. White-tailed deer, herds of cattle and wild horses grazing on the range are all part of our experience. Stopping at the local general store and you might even run into a genuine cowboy, hat, boots and all. Experience the beauty of western Canada and photograph grizzly bears in their natural environment.

BC Interior Grizzly Bear Photo Trek - Itinerary

Day 1 - Saturday September 16, 2017: Our group meets at London International Airport flying to Vancouver via Air Canada then connecting flight to Williams Lake Airport BC Interior. After a quick stop for personal items, snacks, wine, etc, we will drive through the Chilcotin Range to the Chilko River area, stopping along the way for photo opportunities. Arriving a beautiful Eagle Lake and photograph the snow-peaked Niut Mountain Range at Eagle Bear Lodge. Welcome Dinner. If weather permits and the sky is clear we will have some time to capture the Milky Way and possibly the Northern Lights. Overnight at Eagle Bear Lodge.

Day 2 - Sunday September 17, 2017: Breakfast at Eagle Bear Lodge, followed by a 90 minute drive through the Chilcotin Range to the Chilko River area, stopping along the way for photo opportunities reaching our Grizzly destination where we will photograph grizzly bears from land and boat on the Chilko River. Mother and cubs may also appear. Learn how to capture bears in action, fishing, swimming. May have opportunity to photograph black bears, golden eagles. Overnight Grizzly Bear Lodge. (B L D)

Day 3 - Monday September 18, 2017: Breakfast then we will head out for a day of photographing the grizzly bears, bald eagles and golden eagles. As we travel the rivers we will have many other photography opportunities during our first day in the interior. Returning to our lodge for dinner. We will have possibilities of night photography weather and time permitting. Overnight Grizzly Bear Lodge (B L D)

Photograph Grizzly Bears in the Chilko region from land and boat. In September capture these amazing bears with fall colors against blue river waters. Photograph bald eagles and bears fishing the salmon run. Bears are beautiful with thick coats and large bellies eating as much as possible before winter.

BC Interior Grizzly Bear Photo Trek - Itinerary continued ...

Day 4 - Tuesday September 19, 2017: Breakfast then we will head out for our second day of photography as the grizzly bears fish and feed along the river. It is not uncommon to see the bears around our lodge too. Give them plenty of space and have your camera handy. We will see more bald eagles and golden eagles along the rivers and trails. As we travel the rivers we will have many other photography opportunities during our first day in the interior. Returning to our lodge for dinner. We will have possibilities of night photography weather and time permitting. Overnight Grizzly Bear Lodge (B L D)

Day 5 - Wednesday September 20, 2017: Breakfast a few more shots of the bears around the lodge then depart for Eagle Lodge. Enroute to the lodge we will have many wilderness photography opportunities as we travel through the interior. Overnight Eagle Bear Lodge (B L D)

Day 6 - Thursday September 21, 2017: Breakfast then drive back to Williams Lake to begin our return journey home via Vancouver connect in Toronto to London International Airport.

Your photographer host.

**Len Silvester
Photo Tour Trekkers
Canadian Wildlife Specialist**

Len entered the world of professional photography in action and sports nearly 20 years ago. Capturing images of Motocross, IHRA Drag Racing, Indy Cart Racing, Formula One, PGA and various other assignments throughout North America. With over a million shutter clicks in action packed sports photography his skills have been fine tuned to be ready for any action! In 1998, he began to dedicate more time to Dog Sports photography and it quickly became his passion. Fast forward thirteen years later and archived over two million photos of incredible canines in action playing and competing in Agility, Sheep Herding, Flyball Racing, Disc Dog, Dock Diving and many more canine events at venue across North America and Europe.

In contrast to the non stop action of sports and canine photography Len has always enjoyed photography in natural settings looking for wildlife. In their natural setting a moose in Algonquin Park, a wolf pack in Yellowstone or a majestic Snowy Owl in Ontario can be shared with others through the magic of photography.
