

Trekkers Host / Photographer Harry Cartner

Harry has been involved in the world of photography all his life. He is the founder of Country Images Camera Club in Newmarket, Ontario, a founding member of the Photo Essay Group (Toronto), a former member of Toronto Focal Forum Print Group and an Honorary Life Member of the Toronto Guild for Photographic Art (now the Toronto Digital Photo Club). Harry is a member of the London Camera Club and of the Forest City Photographers Guild.

Harry has won numerous awards both locally and internationally. His work has been published in a number of books as well as magazines and calendars. He has served on numerous judging panels as well as judged International Salons. Harry also leads photographic workshops, digital photography workshops, and photographic tours. He has also travelled extensively around the world.

This will be Harry's 11th year hosting Franklin Islands Workshops and we are pleased to have him as one of our team of photographer hosts.

Franklin Island Workshops

September 7th thru October 4th, 2018

2018 Franklin Island Workshops hosted by Harry Cartner

Franklin Island is exquisite, pristine and virtually untouched by man. The island is just the way it would have been found millions of years ago when the Canadian Shield was formed. Your Photo Tour Trekkers host and award winning photographer, Harry Cartner will share his favourite locations on the island. Harry considers this island to be "Sacred Ground" and it is every landscape photographers dream. Harry has hosted workshops in this region for 11 years, working with our boat captain knows the best spots on the island for photography. Experience this unique landscape and photograph what Mother Nature created millions of years ago on one of our 4 day workshops this fall. Location address & directions on on the back page of this brochure.

2018 Workshop Dates

September	7th, 8th, 9th, 10th,
September	10th, 11th, 12th, 13th,
September	14th, 15th, 16th, 17th,
September	17th, 18th, 19th, 20th,
September	21st, 22nd, 23rd, 24th
September	24th, 25th, 26th, 27th
October	1st, 2nd, 3rd, 4th,

Maximum 5 guests per workshop

Workshop Fees:

Franklin Island workshop is \$599.00 plus HST, registration is done online by visiting www.PhotoTourTrekking.com select Franklin Island Workshop and then click register, top left corner on tour page.

Fee includes 3 nights accommodations, Snug Harbour Cabins, daily workshops, 4 boat trips to Franklin Island, night photography at Killbear Provincial Park, day photography at Killbear Provincial Park & Welcome BBQ

Please Note: We will go out to the island rain or shine. Only time we won't go out is during thunder/lightning storms & rough water. If weather turns bad we will make a determination on whether we go to the Island or return to the resort early. We will do software training (Lightroom and Photoshop) as we also have a club house area for group gatherings. Killbear Provincial Park is our back-up if we can't get to the island.

FRANKLIN ISLAND WORKSHOPS ITINERARY:

DAY 1: Participants arrive in the afternoon and settle in Snug Haven Resort. Around 6:00 p.m., if everyone has arrived, there will be a BBQ followed by an orientation in the evening at approximately 7:30 pm.

DAY 2: Gather at the resort dock early morning. We sail to Franklin Island, about 10 minutes. We will stay on the island until 10:00 -11:00 a.m. earlier if the light fails us. Then sail to the island again at 3:30 pm & finish by 6:30- 7:00 pm, or later depending on the sunset. When we return to the resort. A light supper served and we will review images shot that day or night shoot.

DAY 3: Gather at the resort early morning. Today we will sail to another location on Franklin Island, finishing between 10:00 a.m. - 11:00 a.m. This is contingent on the light. In the afternoon, we will sail to a couple of other locations that are quite unique in their own way and finish off around 6:30-7:00 pm, depending on the sunset. When we return to the resort. A light supper served and we review images or night shoot at Killbear. (on night 2 or 3)

DAY 4: Gather in the early morning. Optional visit to Killbear Provincial Park if weather was not co-operative day 2 or 3. Depart the resort at 11:00 a.m.

During the course of workshops we will do some long exposure night photography if the skies are clear on night 2 or 3. In particular the Milky Way.
