Saturday Night Keynote Presentation:

We are pleased to offer Conversations with Director, Producer and Photographer Brad Turner as he shares his experiences in the world of film and photography. Brads directing career has seen him work on many interesting projects such as 24, Designated Survivor, Homeland, Hawaii Five-O, The Twilight Zone, just to name a few. His passion when not working on a Hollywood production is photography. Brad loves capturing moments of time that will never be duplicated again. Buildings, objects and landscapes of past eras. This allows him to share the ever changing landscape we live in through his photography. Born and raised in Bayfield and still home when he is not filming in Hollywood or other locations around the world.

Our Saturday Night Keynote Event will be held at 7:30 p.m. at the Bayfield Town Hall. The first 100 guests registering for Fall Foto Fest will receive tickets to Brads presentation. Limited tickets will be available to non registrants upon request. Requests can be made for tickets by sending your email to bayfieldfff@gmail.com

Bonus Sunday Sunrise Photo Walk Bayfield Beach and Marina.

Join Trekkers photographer James Cowie for an early morning photo walk of the beach and Marina. James will encourage you to explore the art of observation, while shooting images of the landscapes of the beach and marina. We will discuss the effects of adjusting your camera settings to create interesting effects and spend time experimenting with different photo techniques. A tripod is recommended for our morning photo shoot.

In the Photographers Studio - One on One Talk and Interview featuring the Photography Talents of Richard Beland and B.D. Colen: We are please to feature Lambton College's Photography Department Show "In the Photographers Studio". Join pulitzer prize winning photographer B.D. Colen as he interviews photographer Richard Beland. For 25 years Richard has traveled the world photographing artists in the music industry. He has toured with many rock groups over the years including the Tragically Hip and their farewell tour.

Outdoor Photo Trek Bayfield & Region: During this 2 hour hands on workshop you will have an opportunity to create interesting photographs while exploring several selected photo stops around the region. Creating unique photographs, landscapes and abstracts is whaat this photo workshop is all about. Hosted by Harry Cartner.

The Art of Flash Photography: Flash photography is one of the most elusive arts to master when capturing images and despite popular belief it does not have to be complicated. During this two hour workshop you will learn tips and tricks on working with your flash unit both on camera and remotely. This is a great intermediate workshop to gain more confidence in working with your flash unit. All done without breaking the bank.

Creating Photo Books and Printing your Digital Images: These are 2 - 2 hour workshop one focused on learning how to create, publish and print photo books from your own digital images. The second Printing is a workshop on learning how to print your digital images with your own digital printer.

Photography 101: Understanding your camera and basic composition: This session will cover getting to know and understand the basics of your camera. Framing, composition and selecting lenses. Weather permitting, we will go out and take a few images based on what we have learned.

3 Hour Master Class Sessions - Complete with hand out material

Incredible Indoor Photo Projects: Close-up photography - Master Class 3 hour session limit 10 people
There are so many incredible indoor photo projects. This workshop will help you build those skills. We will be working on the following topics, Smoke Photography, Splash Photography, Fine Art Food, Abstracts in Oil, Still Life Trails, Flowers in Ice and Refractive Art. Come explore the world up-close. Close-up or macro lens recommended.

Master Class Video Creations with Brad Turner: Join director, producer and photographer Brad Turner as he teaches our master class on creating videos. Learn from one of the best as Brad takes you into the world of video and how to create a production of any experience. Just about every digital camera has a video option and with a few tips you will be producing quality videos fit for any presentation.

Adobe Photoshop - Master Class 3 hour session limit 10 people

Adobe Photoshop has now become one of the best programs to work with your digital images. During our 3 hour master class you will work on post processing, retouching and artistic techniques. This is an advanced workshop and you will need to come to class with Adobe Photoshop loaded and working on your computer.

The Art of Wildlife Photography: During this hands-on workshop you will work with a Trekkers Photographer and Raptors bird trainer as you learn and photograph these amazing birds of prey at rest and in flight. This is a three segment workshop two in class and one Raptors outdoor shoot. You will need your camera a wide angle zoom lens like a 18mm-135mm and a telephoto 70mm-200mm or longer.
