## Photo Tours

### Kenya & Tanzania - September 23 to October 6, 2021

Photographing the wild side of Africa -Kenya and Tanzania are recognized, world-wide, for their breath taking beauty, natural wonders and spectacular wildlife and two of the most popular African countries for travellers from all over the world. Kenya and Tanzania are home to the Big Five, which are the lion, African elephant, Cape buffalo, leopard, and rhinoceros. ***Please note as of this publication date of May 21, 2021 this tour is still scheduled to depart this year. Guests who have already registered for this tour may choose the option change their reservation to our September 14 to 27, 2022 tour by contacting James at Photo Tour Trekkers, his contact information is listed below.***

### Iceland Northern Lights Tour - March 21 to 26, 2022

Referred to as the Land of Fire and Ice, the forces of nature have created a volatile playground of colour and beauty. Get ready to discover one of the most beautiful places on Earth. The shorter days of March combined with interesting locations and you have the beauty of the Northern Lights. Each evening we will be visiting locations known for capturing the Northern Lights. During the day we will photograph and explore the many landscapes and waterfalls that make Iceland a photographers paradise.

## Galapagos Islands - June 25 to July 5, 2022

Photographers are invited to join us as we sail onboard our private yacht on our photo adventure to these intriguing Islands. We will be visiting the north most island of Genovesa, home of the Red Footed Booby and south most islands home of the wide winged albatros during our tour. We will photograph and explore the many coves, lagoons, landscapes, birds and animals that make this region one of the most unique places in the world. As a private photo group this is a great opportunity to capture these remote islands, unique inhabitants, and one of the few places left on the planet where the footprint of the human presence is kept to a minimum. We work with our guides to get on the islands early each morning. Please note we are pleased to offer three days in Quito during our tour two pre Galapagos and one post.

## Kenya & Tanzania - September 14 to 27, 2022

Photographing the wild side of Africa -Kenya and Tanzania are recognized, world-wide, for their breath taking beauty, natural wonders and spectacular wildlife and two of the most popular African countries for travellers from all over the world. Kenya and Tanzania are home to the Big Five, which are the lion, African elephant, Cape buffalo, leopard, and rhinoceros.

## Antarctica - February 21 to March, 2023

We would like to invite O3C members to join us as we photograph and explore Antarctica onboard the hybrid electric-powered MS Fridtjof Nansen. Our eleven day ten night cruise offers our photographers a great Antarctica experience. We have planned plenty of activities to make your experience Antarctica in the best way. This might mean that one day you will go onshore to see penguins and hear the crackling noise of glaciers, the next day, you get to feel the salt and wind as you cruise between the sea ice, looking for leopard seals snoozing on the ice. February and March are peak whale-watching months, when huge amounts of krill lure the whales into the area.

## Costa Rica - March 27 to April 3, 2023

We would like to invite O3C members to join us as we photograph and explore the nature and culture Costa Rica has to offer. For our 2023 tour we have created a new photo itinerary including new birding locations such as Laguna del Lagarto Lodge, Arenal Observatory Lodge and Paraiso Quetzal Lodge. Talk about nature in your own back yard. These locations will offer our photographers access to trails & nature during our schedule of photo shoots and chance to return during free time. Also I'm pleased to be working again with one of the best birder naturalists in Costa Rica, Minor Hildalgo. Minor will be joining us for the entire tour. During our journey, we will experience the rainforests and volcanic regions from high and low offering up a variety of birds and other wildlife.

## Tuscany Italy - September 12 to 26, 2023

Tuscany Photo Tour "A renaissance of creative opportunities" Tuscany is located in central Italy and stretches from the Apennines to the Tyrrhenian Sea. It's landscape, artistic heritage and beautiful cities make Tuscany an unquestioned destination for the creative photographer. Rome through the Tuscany countryside, then completing our Italian journey in beautiful Venice. Italy is situated in southern Europe and is peninsula, with the Tyrrhenian Sea to the west and the Ionian Sea to the south and the Adriatic Sea to the east. Italian islands include Sardinia and Sicily. The temperatures this time of year average 22C to 26C in the day and 15C at night. The culture, architecture, historic sites, food, wine and landscapes await.

We look forward to O3C Camera Club members joining one of our photo adventures. Photo Tour Trekkers and Tourcan Vacations travel consultants are available to assist with your travel arrangements. We offer out of country medical and travel interruption and cancellation insurance. We are pleased to offer Uplift our travel financial plan which allows you to pay for your tour over 12 months. Ask us about Uplift when booking. PhotoTourTrekkers / Tourcan Vacations handles all payment transactions, all the travel requirements for accommodations, flights, tour transports, meals and offers travel insurance as required.
